Intellectual property rights and patent program was organized by Tagore Dental College and Hospital on 02-12-2020 at 10:00 in the auditorium. Dr. I. Kannan was invited as the resource speaker.

Dr. I. Kannan, is associate professor of Microbiology, Tagore medical college and hospital. He has completed his doctoral degree in medical microbiology from the University of Madras. He holds the post of officer in-charge of the central research laboratory. Further he is the technical manager in the molecular virology laboratory of Tagore medical college and hospital which is NABL accredited. With more than 25 years of teaching experience and with more than 100 research publications, he has also authored a textbook on immunology for MJP publishers and a book on microbiology for Elsevier. He has also submitted seven unique DNA sequences in GEN bank, NCBI, USA.

Dr. S. Balagopal, Professor and Head, Vice principal addressed and introduced the topic of the program to the audience. Dr. Chitraa R. Chandran, Principal welcomed the speaker and address the gathering. Principal encouraged the staffs and students to work towards getting patency of their individual ideas. Dr. Geetha Priya (Reader, Dept of Conservative Dentistry and Endodontics) introduced the speaker of the day for the lecture and invited him to the podium.

The lecture presentation focused on patency and intellectual property rights which was focused on the concepts patenting and the ways in which one can safeguard, his/her work from being stolen. Speaker Dr. I. Kannan gave a clear picture about the various method of application of national and international patents.

This program also gave a through insight on the steps to be taken right after any major breakthrough achieved and to prevent stealth of intellectual property by others. It was

also beneficial in telling the difference between levels of patent which can be imposed on the work.

Fifty one people participated in the program. The staffs and post graduate students were asked to sign the attendance sheet to mark their presence.

There was an interactive question and answer session where the gathered participants could clear there doubts with the speaker.

After the active question and answer session a memento and a certificate was presented to the speaker by the principal (Dr. Chitraa R Chandran). The program was concluded by 11:00 am.

Report was prepared by Dr. S. Balagopal, Dr. C. Charanya, Dr. A. Sri Ganesh
