At the commencement of the academic year 2019 -2020, new batch of students were inducted into I BDS and MDS course. Orientation program and white coat ceremony was conducted for those students entering into III BDS course. The students who were passing out were given a farewell and fresher's day was conducted to welcome the I BDS students.

Our college organized and conducted many programs during the academic year. 2 national level programs were conducted with CDE points credited to the participants. Our college hosted 2 intercollegiate competitions which had many participants form other dental colleges within the state. 6 seminars/webinars were organized and conducted by the dental departments.

As part of the curriculum we had invited guest speakers to take class for the students. 13 such guest lectures were conducted during this academic year.

Interdisciplinary certificate courses were conducted for the post-graduate students. 6 courses were conducted and each course cumulating to 30 hours.

Since the institution aims at the overall development of the students, we regularly organize awareness programs for the students. Some of the topics the students are sensitized to are gender equality, personality development, career guidance and menace of ragging. We have conducted 4 awareness programs for the students this academic year.

In order to augment the social responsibility of the students, awareness programs for the public are organized every year. This academic year we had conducted 6 public awareness programs.

The students are also encouraged to participate in events that would increase their civic duties such as tree plantation and blood donation. This year 20 saplings were planted in the campus by the students.

The Rotary club of Tagore (ROTAG) conducted the installation ceremony wherein the newly elected members were installed into the club. As part of their extension activity, ROTAG has organized 1 awareness program and also visited an orphanage.

The teaching staffs of the institution are encouraged to attend faculty development programs. 2 programs were organized this academic year.

National and international festivals and commemorative days are regularly celebrated.

Achievements of the institution:

2 students topped the university and were awarded with gold medal during the convocation.

Many students have cleared NEET PG and 9 students have scored top ranks including 9th rank in AIIMS.

One of the distinctive features of the institution is that students are encouraged to uptake research projects during their course. This academic year we had 69 research proposals out of which 15 were done in collaboration with other colleges/labs including the University of Malaya, Malaysia and IIT- Madras.

5 undergraduate students have received funding for their project from the ICMR.

A total of 97 camps were conducted during this academic year and 7964 patients were benefitted through these camps.

At the commencement of the academic year 2020 -2021, new batch of students were inducted into I BDS and MDS course. Orientation program was conducted for I BDS students and CRRJ students. White coat ceremony was conducted for those students entering into III BDS course.

Our college organized and conducted many programs during the academic year. 4 national level and 1 international level programs were conducted with CDE points credited to the participants. Our college hosted 1 intercollegiate virtual competition which had many participants form many dental colleges. 10 seminars/webinars were organized and conducted by the dental departments.

As part of the curriculum we had invited guest speakers to take class for the students. 16 such guest lectures were conducted during this academic year.

Interdisciplinary certificate courses were conducted for the post-graduate students. 6 courses were conducted and each course cumulating to 30 hours.

Since the institution aims at the overall development of the students, we regularly organize awareness programs for the students. Some of the topics the students are sensitized to are gender equality, personality development, career guidance and menace of ragging. We have conducted 16 awareness programs for the students this academic year.

In order to augment the social responsibility of the students, awareness programs for the public are organized every year. This academic year we had conducted 4 public awareness programs. The institution has also adopted 5 villages in and around Rathinamangalam.

The students are also encouraged to participate in events that would increase their civic duties such as tree plantation and blood donation. This year 32 saplings were planted in the campus by the students.

The Rotary club of Tagore (ROTAG) conducted the installation ceremony wherein the newly elected members were installed into the club. As part of their extension activity, 3 screening camps were organized and conducted by ROTAG.

The teaching staffs of the institution are encouraged to attend faculty development programs. 8 programs were organized this academic year.

National and international festivals and commemorative days are regularly celebrated.

Achievements of the institution:

3 students topped the university and were awarded with gold medal during the convocation.

Many students have cleared NEET PG and 7 students have scored top ranks including 1st rank in AIIMS.

One of the distinctive features of the institution is that students are encouraged to uptake research projects during their course. This academic year we had 37 research proposals out of which 05 were done in collaboration with other colleges/labs including the University of Malaya, Malaysia and IIT- Madras.

10 post-graduate students have applied for grants for their project from the ICMR.

A total of 16 camps were conducted during this academic year and 890 patients were benefitted through these camps.
