Sub:- Measures to improve technical skills of student reg
LETTER REF JDC 24/f. C/2023/4

Based on the feedback received from the alumni about the betterment required in imparting technical skills to the students, Curriculum committee has suggested to add more pre-clinical and clinical training to the existing curriculum to be executed through the Dental Education Unit. Based on the suggestion, DEU has initiated rotary hands on course for interns in 2022.

Thanking You,

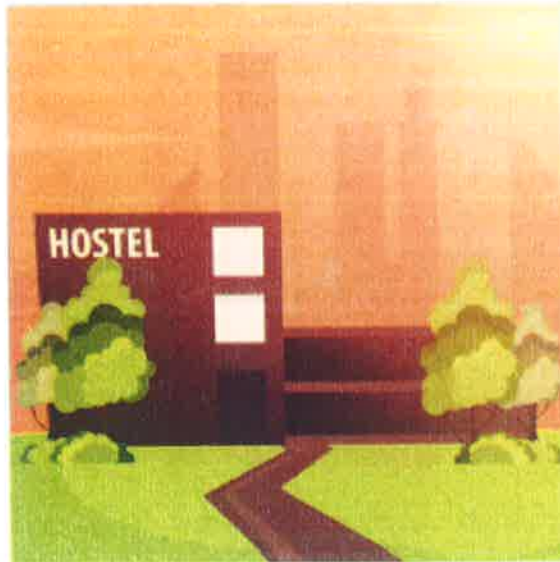

Yours truly

Hostel feedback for the year 2022 was obtained from all the students residing in the hostel. Based on the feedback analysis, the following points were concluded:

- 1] The students were satisfied with the hygiene of the room, hostel surroundings and cleaning
- 2] The students wanted improvement in the cleanliness of the bathroom
- 3] Regarding the mess facilities, the students are happy with the hygiene of the mess, service by the staff and mess timings.
- 4] Regarding the staff and management, the students are happy and satisfied by the attention they get for all their problems.
- 5] The students were not satisfied with the internet facilities and library facilities.

Overall the students have given a positive feedback regarding the amenities of the hostel and those areas which need improvement will be taken to notice for betterment.

Respected sir,

Sub: Action taken report related to feedback committee in vide reference notification no.
TDC&H/F.C/2023/3 dated 09-01-2023

This is to bring to your kind notice regarding suggestions given to uplift infrastructure and learning resources on the infrastructure and learning resources feedback analysis for the year 2022

Details of suggestion and action taken:

1. To Improve reading space in the library

As per the suggestions given by library committee, library cum own book reading space with adequate seating capacity has been provided in the central library for students

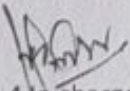

2. To avail clean and drinking water in the campus

Maintenance contractor/agency along with service engineer has been instructed to take immediate steps to monitor the quality of water regularly 24/7.

Informed maintenance committee to inspect every department and every floor systematically, ensuring that clean and safe drinking water is available for students in college and hostel at all the times

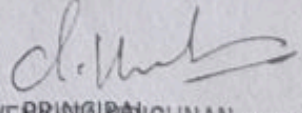

3. To improve the infrastructure for research

Institute has upgraded research facilities and scientific infrastructure, with centre for research, innovation and entrepreneurship in fourth floor

EVALUATION OF NON-TEACHING STAFF

2021-22

A handwritten signature in blue ink, appearing to be "A. Venkatasubramanian".

Dr C.J.VENKATA KRISHNAN, M.D.S., Ph.D.,
PRINCIPAL
TAGORE DENTAL COLLEGE & HOSPITAL
Rathinamangalam, Vandalur Post,
Melakottaiyur, Chennai - 600 127.

INTRODUCTION

In every organizational setup, it is mandatory to assess the efficiency of every staff and whether the protocol has been adhered at all levels to ascertain the progress of individual. The output of this assessment/feedback will help to realize the areas which need alteration or improvement. As a part of this strategy, we had purposefully started to evaluate the performance of the Non-teaching staffs as well.

AIM

To evaluate the performance of the Non-Teaching Staffs.

OBJECTIVES

- To evaluate the Mannerisms & Discipline of the Non-Teaching Staffs.
- To evaluate the General Appearance of the Non-Teaching Staffs.
- To evaluate how helpful the Administrative Support Staff have been to the students & if they were able to solve their difficulties
- To evaluate the general upkeep of the Office / Library / Lab/ Department by the Non-Teaching Staffs.

METHODOLOGY

This feedback study was undertaken in Tagore Dental College in July 2022 over a period of 2week to evaluate the performance of Non-Teaching Staffs. Two Customized Google Feedback forms were prepared and the link was sent to the students and staffs for responses. (Sample feedback forms for each group are provided below for reference).

Dr. C.J. VENKATA KRISHNAN, M.D.S., Ph.D.,
PRINCIPAL
TAGORE DENTAL COLLEGE & HOSPITAL
Pathinamangalam, Vandalur Post,
Melekkottaiyur, Chennai - 600 127. 2

The principle investigator conveyed the reason & distributed the feedback forms to all the Academic Staffs in each department namely - Department of Oral Medicine, Department of Periodontics, Department of Prosthodontics, Department of Conservative Dentistry, Department of Oral Surgery, Department of Orthodontics, Department of Community Dentistry, Department of Pedodontics and Department of Oral Pathology.

Next to evaluate the students response of the Non Teaching Staff, the Feedback forms were distributed online to First year students, Second year students, Third year ,Fourth year students, CRRI and PGs.

Each individual in each group was advised to respond to the feedback confidentially without/with marking any type of identification on the forms.

All the teaching staff and 200 students gave the feedback for the non-teaching staff.

RESULTS

NON-TEACHING STAFF FEEDBACK BY TEACHING STAFFS:

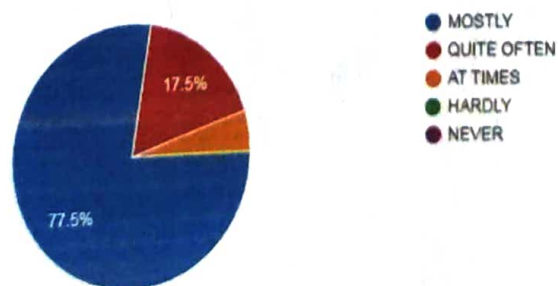

All the staffs were satisfied with the pleasant manners of the Non-Teaching Staffs .

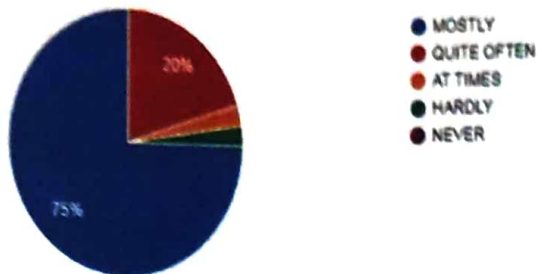

The majority of staffs are happy with the general appearance and grooming of the administrative support staff. Some feel that the uniform dress code can be maintained for all the non-teaching staffs.

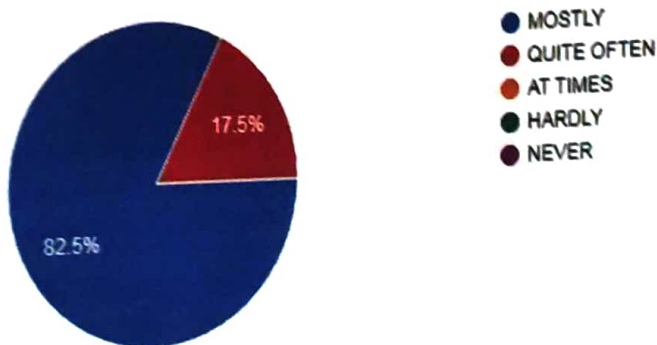

The teaching staff group were contented with the helpfulness of non-teaching staffs to the students and work as per the staff direction. The staff group feel that they are more cooperative and work as per the teaching staff requirements.

The staff group was pleased with the general upkeep of the office & the library.

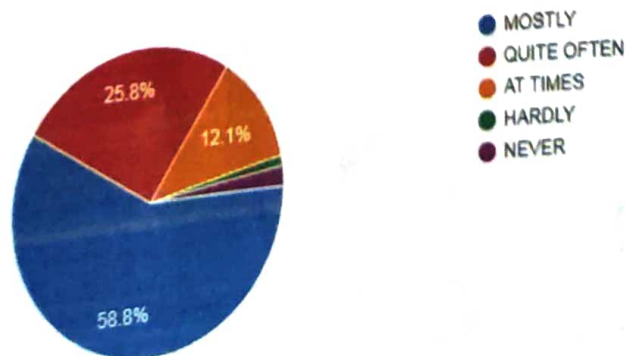

The staff groups were of the opinion that the non-teaching staffs were disciplined as expected of them.

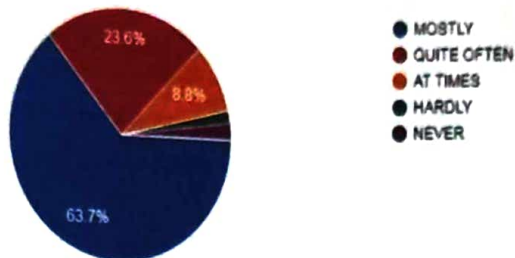

NON TEACHING STAFF FEEDBACK BY STUDENTS:

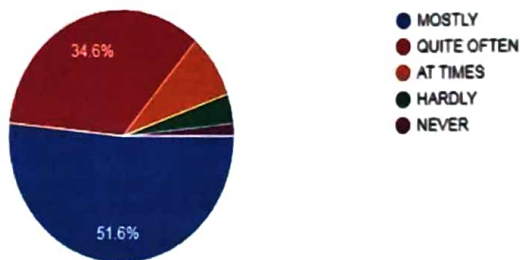

The majority of students group feel that the non-teaching staff have pleasant manners but 4 % of them feel they can be more polite towards them.

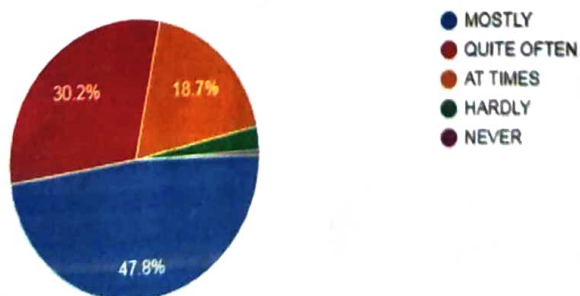

The majority of students group feel that the non-teaching staffs are quite helpful but some (2%) feel that they should improve in terms of their attitude.

The students group feel that they are encouraged to visit the office/library at any time. Some students feel that the lab/library can be opened till 4.00pm so that they can finish the lab procedures/assignments on that time.

The students group was of the opinion that non-teaching staffs were quite often able to solve the problem. But 5 % of students think that the non- teaching staffs need to help them more whenever necessary

SUGGESTIONS

The feedback results obtained indicate, the following points can be added to ameliorate the performance of the concerned staffs.

- 1.Orientation programs and personality development programs for all non- teaching staffs can be conducted to upgrade and streamline their duties and responsibilities.
- 2.Biosafety awareness and sterilization protocols to be updated for the non teaching staffs.
- 3.Certificate or mementos can be given at the end of each academic year as a token of appreciation to the non teaching staffs.

Dr. C.J.VENKATA KRISHNAN, M.D.S., Ph.D.,
PRINCIPAL
TAGORE DENTAL COLLEGE & HOSPITAL
Rathinamangalam, Vandalur Post,
Melakottaiyur, Chennai - 600 127.

CONCLUSION

This feedback program aims to improve the performance of the non-teaching staffs by encouraging optimistic attitude in them. The Non-Teaching Staffs have scope for better performance and consistent progress as individuals with such regular programs

PATIENT FEEDBACK COMMITTEE

Email: patientfeedback@tagoredch.in

THE FOLLOWING SUGGESTIONS WERE STATED BASED ON THE FEEDBACK RECEIVED FROM ALL THE DEPARTMENTS:

DEPARTMENT OF PUBLIC HEALTH DENTISTRY

1. ONLY 92% OF PATIENTS ARE SAYING THAT THE WORKING HOURS OF THE CLINIC WERE SUITABLE FOR THEM. COMMITTEE RECOMMENDS TO GIVE APPOINTMENTS TO THE PATIENTS ACCORDING TO THEIR CONVENIENCE AND TO INCREASE THE WORKING HOURS.

2. ONLY 93% OF PATIENTS SAY THAT DENTAL INSTRUMENTS WERE STERILIZED. COMMITTEE RECOMMENDS TO FOLLOW STRICT STERILIZATION PROTOCOL AND TO OPEN THE STERILIZED INSTRUMENTS IN FRONT OF THE PATIENTS.

DEPARTMENT OF ORTHODONTICS

1. 90% OF PATIENTS SAY THAT THE ORTHODONTIC TREATMENT IS PAINFUL. COMMITTEE RECOMMENDS TO FOLLOW PAIN MANAGEMENT PROCEDURES TO THE PATIENTS.

DEPARTMENT OF PERIODONTICS

1. ONLY 93% OF PATIENTS WERE SAYING THAT DENTIST DOES NOT CRITICIZE THEIR ORAL CONDITION OR COMPARED WITH OTHERS. COMMITTEE RECOMMENDS DOCTORS TO EXPLAIN THE ORAL CONDITION TO THE PATIENTS IN A PLEASING MANNER AND NOT TO COMPARE WITH OTHER PATIENTS.

2. 93% OF PATIENTS SAY THAT THE DENTAL INSTRUMENTS WERE STERILIZED. COMMITTEE RECOMMENDS TO FOLLOW STRICT STERILIZATION PROTOCOL AND TO OPEN THE STERILIZED INSTRUMENTS IN FRONT OF THE PATIENTS.

DEPARTMENT OF PROSTHODONTICS AND IMPLANTOLOGY

1. ONLY 86% OF PATIENTS ARE SAYING THAT THE TREATMENT OFFERED WAS NOT PAINFUL. DOCTORS ARE ADVISED TO FOLLOW ADVANCED PAIN MANAGEMENT TECHNIQUES.

DEPARTMENT OF CONSERVATIVE DENTISTRY AND ENDODONTICS

1.91% OF PATIENTS DID NOT WAIT FOR A LONG TIME TO HAVE AN APPOINTMENT. COMMITTEE SUGGESTS TO MAINTAIN APPOINTMENT REGISTER AND TO SCHEDULE APPOINTMENT IN A SPACED-OUT MANNER AND TO INFORM THE PATIENT PRIORLY REGARDING THE SAME.

DEPARTMENT OF PEDODONTICS

1. ONLY 90% OF PATIENTS REPORTED THAT TREATMENT WAS NOT PAINFUL. COMMITTEE RECOMMENDS TO FOLLOW PAIN MANAGEMENT PROCEDURES TO THE PEDODONTIC PATIENTS.

PATIENT FEEDBACK - 2022

05.01.2023

From
Head of the Department
Department of Periodontics
Tagore Dental College and Hospital

To
The Principal
Tagore Dental College and Hospital

Respected Sir,

Subject: Regarding measures taken for the grievances of patient feedback for the academic year 2022.

This is to bring to your kind notice that the following corrective measures have been taken regarding grievances in patient feedback. The overall percentage shows improvement than the previous year.

In the year 2022,

Feedback Q.no 13

1.93% of patients are saying that dentist does not criticize their oral condition or compared it with others & the questions asked during offering was appropriate.

Steps taken:

Steps were taken to explain the clinical condition of the patient and the treatment plans appropriately.

Feedback Q.no 11

1.93% of patients are saying that dental instruments were sterilized.

Steps taken:

Steps taken to check if all the instruments were sterilized and to ensure that the instrument pouch was opened only after the patient is seated in the operating chair.

This is to let know the patient about the sterilization protocol followed in the Department.

Thanking You

Respected Sir,

Subject: suggestion regarding the feedback forms submitted for the academic year – 2022

With reference to the communication and valuable suggestion received, from the patient feedback committee, for the year 2022, the following action has been taken with immediate effect.

This is to bring to your kind notice that the following measures have been taken regarding grievances in patient feedback. The overall percentage shows improvement than the previous year. This is to bring to your notice that in orthodontic treatment there might be slight pain due to reactivation of the orthodontic appliance and sometimes due to accidental pricks of wires, brackets etc. We assure you that adequate care will be taken to provide painless treatment and if deemed necessary painkillers will be prescribed for the patients.

Sub : Regarding the suggestions given to the department on the patient feedback forms submitted for the year 2022.

This is to bring to your kind notice regarding the suggestions given to the department on the feedback forms submitted for the year 2022. It was found that there was an overall improvement in patient services when compared to 2021. 90% of the patients reported that the treatment was not painful, remaining 10% said that the treatment was painful .

For better pain management in children ,local anaesthesia will be administered with lesser guage needles. For patients with dentoalveolar abscess and chronic pain history antibiotic regimen will be prescribed prior to the procedure for better anesthetic effect . Also LA gels with Eutectic combinations , insulin syringes will be used for better pain control and inturn better behavior management.

Thanking you.

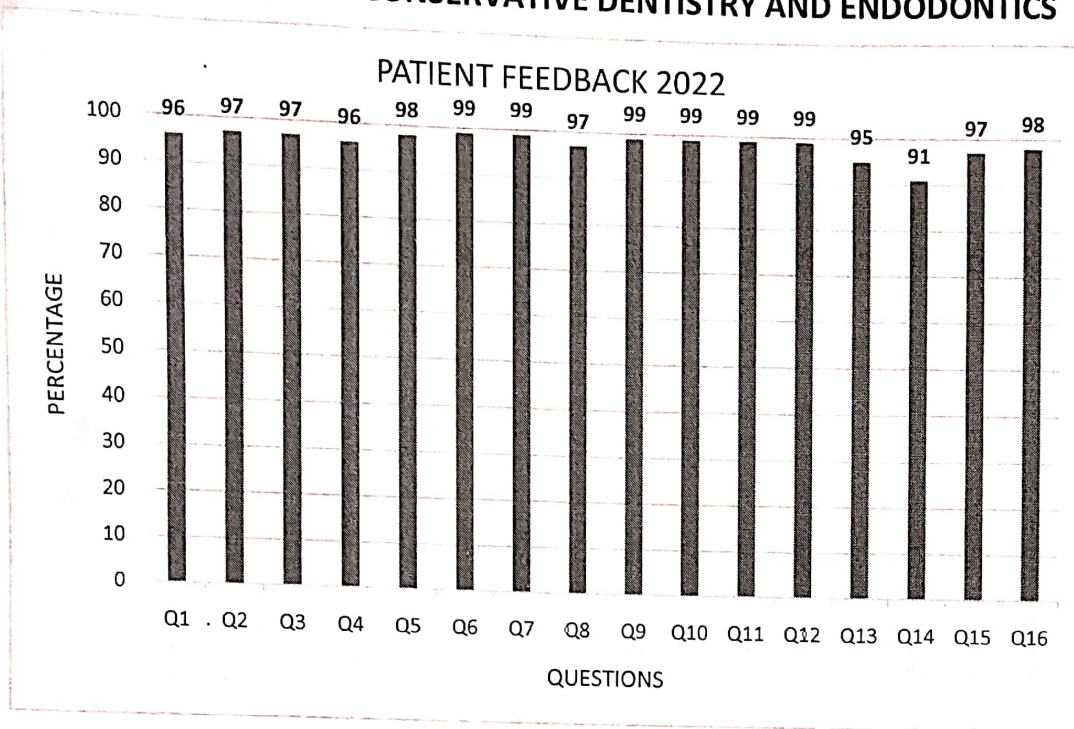

Yours sincerely,

For HOD

PTA FEEDBACK

PTA FEEDBACK (2021 – 2022)

1. Year of Study: First Year / Second Year / Third Year Final Year
2. How often do you attend PTA meetings? - Always / Sometimes / Never
3. How were you informed of PTA meeting? - SMS / Students / Circular

		Strongly agree - 4	Agree -3	Disagree - 2	Strongly disagree - 1
4	I am kept informed about PTA meetings				
5	I feel welcome to attend PTA meetings				
6	My participation is vital for my child's education				
7	The college send performance updates				
8	The college send attendance updates				
9	The mentor of students keep in regular touch				
10	I have given feedback about college / syllabus				
11	I am happy about the choice of college for my child				
12	I am satisfied about the facilities of college				
13	How do you think you can contribute to growth of college				

RESULTS ANALYSIS

1.45.7 % were parents of final year students, 13.2% were parents of second year students,12.0% were parents of third year students 29.1% were parents of first year students.

2.77.2% of parents always attended the PTA meeting, 22.8% of parents attended the meeting sometimes.

3.35.4% of parents were informed of PTA meeting through SMS,44.9 % of parents were informed by students and 19.7% of parents were informed through circular.

4. 45.7% of parents strongly agree (Score 4) about prior information of the PTA meetings, 53.5% of parents agree (Score 3) and about 0.8 % disagree (Score 2) to the statement.

5.40.9% of parents strongly agree (Score 4) in feeling welcome to attend the PTA meeting, 59.1% agree (Score 3) to this statement.

6.60.6 % of parents strongly agree (Score 4) that their participation is vital for their child's education, 39.4 % agree (Score 3) to this statement.

7.37.8 % of parents strongly agree (Score 4) that the college send performance updates, while 57.5% of parents marked score 3 , 3.9 % of parents marked score 2 and 0.8% of parents marked score 1.

8.33.1% of parents strongly agree(Score 4) that the college send attendance updates, while 57.5% of parents marked score 3,7.9 % of parents marked score 2 and 1.6% of parents marked score 1.

9.55.1% of parents strongly agree (Score 4) that the mentor of students keep in regular touch, while 43.3% of parents marked score 3 and 1.6 % of parents marked score 2.

10.25.2% of parents strongly agree (Score 4) that they had given feedback about college/syllabus, while 67.7 % of parents marked score 3 and 5.5 % of parents marked score 2 and 1.6% of parents marked score 1.

11.46.5 % of parents strongly agree (Score 4) that they were happy about the choice of this college for their child, while 51.2% of parents marked score 3 and 2.4% marked score 3.

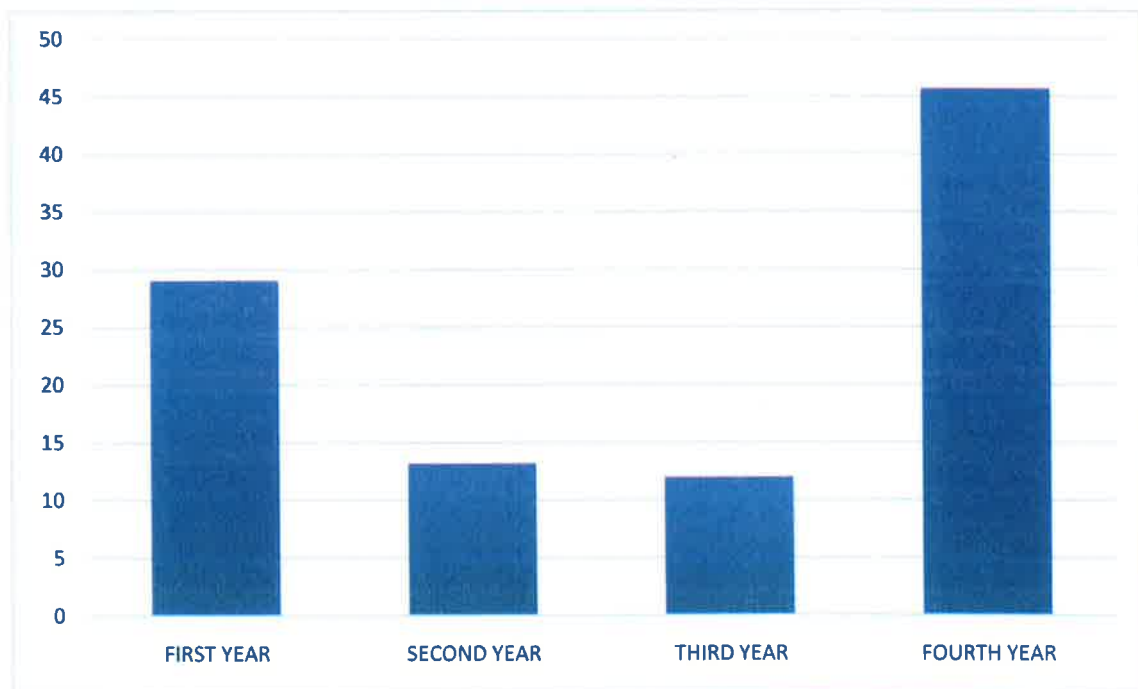

12.30.7% of parents strongly agree (Score 4) that they had given feedback about college/syllabus, while 66.1 % of parents marked score 3 and 3.1 % of parents marked score 2 and 1.7% of parents marked score 1.

13. How do you think you can contribute to growth of college

- By encouraging my daughter to excel in her studies and gain good name for her college and teachers
- Kindly arrange the patient from outside through camp for students practice
- I would like to share my feed back through PTA meetings
- I can refer to my friends about this college.
- To provide support and encouragement to student
- I think the college growth is extremely good...I will support the various programmes conducted by college
- By keeping my child engaged with studies
- If my ward has gained good knowledge and being a reputed student through your institution, I am very much grateful to your college
- By giving good results
- By encouraging my child to learn well and bring laurels to the college.
- I will refer this college to my colleagues as my contribution
- By knowing more about student's performance and activities in the college. Interacting with the teachers about her performance
- Making my child by performing well
- Referring to other students
- Participating, communicating through staff
- Giving good review about this college
- Co operating by obeying college rules
- By making our child to study well
- Outpatients and inpatients strength need to be improved for practical knowledge of students
- Tell about college to everyone
- Giving opinions when students having issues
- By supporting my child
- Feedback forms on regular intervals
- By helping students
- To recommend the school students to join this college.
- By actively engaging in student's performance and studies
- By giving correct and fair feedback
- Giving suggestions
- I appreciate the college and quality of education. I give suggestions to the students and their parents offering admission in the esteemed institution.
- By regular Feedback
- Reference to other people
- Motivating my child to get university rank
- Administration is very good.
- By getting good scores

STUDENT FEEDBACK REPORT -- 2021-2022

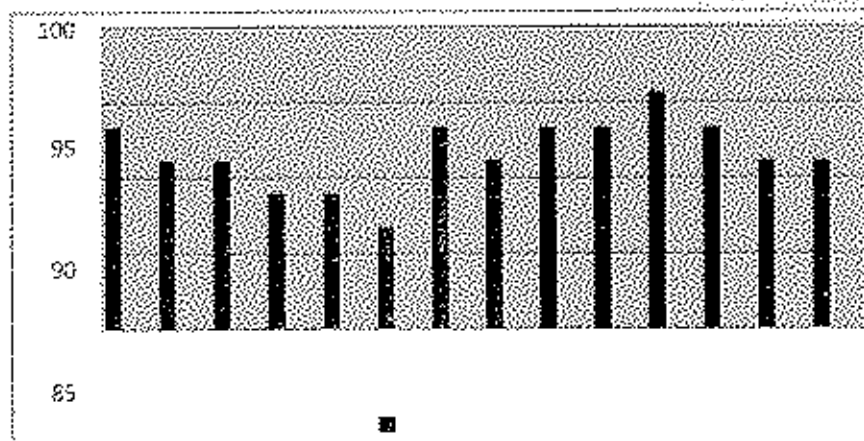

Faculties:

1. Dr.G.S.Asokan
2. Dr.N.Balaji
3. Dr. N.Narmatha
4. Dr. P. Sindhu

Report – Overall rating

Name of the faculty: Dr.G.S.Asokan, Professor and Head of the department

POSTIVE POINTS REPORTED BY THE STUDENTS

Has extremely outstanding knowledge base, and communication skills. Very punctual, sincere and dedicated to work. Has great ability to integrate with institutional environment and has efficient perspective towards subject to the students. Adequate utilization of teaching aids like power point presentation is used regularly by the teacher. Highly motivating and encouraging the students. Proper handling and advice to the students for the better performance in subject. Unbiased internal assessment is reported. The overall feedback is found to be excellent.

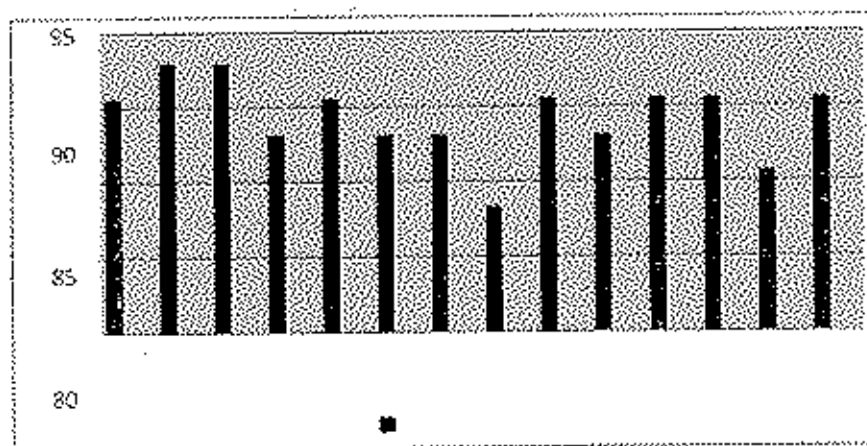

DEFICIENCIES REPORTED:

1. To integrate course with other courses.

REMEDIAL ACTIONS TAKEN:

1. Lesson planning modified to integrate course with other courses.

NAME OF THE FACULTY: DR.N.BALAJI, READER

POSITIVE POINTS REPORTED BY THE STUDENTS

Has extremely outstanding knowledge base, and communication skills. Very punctual, sincere and dedicated to work. Has great ability to integrate with institutional environment and has sufficient perspective towards subject to the students. Adequate utilization of teaching aids like power point presentation is used regularly by the teacher. Highly motivating and encouraging the students. Proper handling and advice to the students for the better performance in subject. Unbiased internal assessment is reported. The overall feedback is found to be excellent.

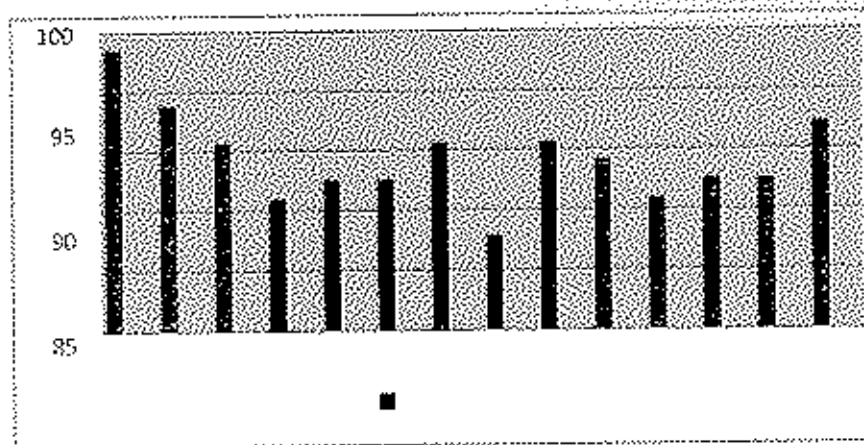

DEFICIENCIES REPORTED:

1. To design quizzes/ Tests/ assignments/ examinations/ projects to evaluate students

REMEDIAL ACTIONS TAKEN:

1. Schedule prepared to design quizzes/ Tests/ assignments/ examinations/ projects to evaluate students
2. Concept mapping method introduced to students and assessment done.

NAME OF THE FACULTY: DR.N.NARMATHA, SENIOR LECTURER

POSTIVE POINTS REPORTED BY THE STUDENTS

Has extremely outstanding knowledge base, and communication skills. Very punctual, sincere and dedicated to work. Has great ability to integrate with institutional environment and has efficient perspective towards subject to the students. Adequate utilization of teaching aids like power point presentation is used regularly by the teacher. The Faculty has provided sufficient time to the students for their proper feedback about the subject. Highly motivating and encouraging the students. Proper handling and advice to the students for the better performance in subject. Unbiased internal assessment is reported. The overall feedback is found to be very good.

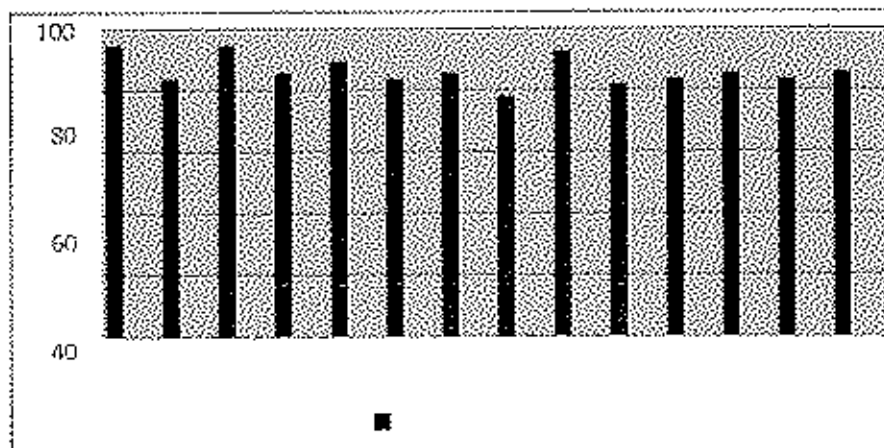

DEFICIENCIES REPORTED:

1. To design quizzes/ Tests/ assignments/ examinations/ projects to evaluate students.

REMEDIAL ACTIONS TAKEN:

1. Schedule prepared to design quizzes/ Tests/ assignments/ examinations/ projects to evaluate students

DEPARTMENT OF ORAL AND MAXILLOFACIAL SURGERY STUDENT FEEDBACK ANALYSIS YEAR 2021

Dr. RIAZ, (Professor and Head of the Department)

Positive points reported:

After analyzing the feedback, 93% and above were considered to be the positive points and below 93% were considered to be deficiencies. Students reported that the faculty member has exceptional and outstanding communication skills, Knowledge base, is very punctual. Sincere and committed to the work and teaching. Regarding various methods to evaluate the students, the teacher is regularly conducting tests/ Assignments and examinations and also use of Google classrooms and Discussions aided in accessing and evaluating the students. Sufficient

Power points etc aided in integrating the subjects with other topics. Internal assessment was unbiased and the teacher is easily accessible to students and counsels them in academic and personal matters whenever needed. Overall rating is very good.

Deficiencies:

Deficiency was acknowledged by the staff, after analyzing the feedback. On analyzing all the parameters, there were deficiencies in accessibility but still expected to improve performance and effort for the benefit of the students.

Actions Taken:

Deficiency was acknowledged by the staff and was made sure that the staff is accessible whenever the students need him for the benefit of the students.

Dr. LOKESH.B (Reader)

Positive points reported:

After analyzing the feedback, 88% and above were considered to be the positive points and below 88% were considered to be the deficiencies. The students reported that the teacher has excellent knowledge base; they also appreciated the sincerity of the teacher towards work and teaching. The use of various teaching aids and various methods used by the teacher to impart knowledge like visual aids and power points were appreciated. Internal assessment was unbiased and the teacher is easily accessible to the students. Overall rating is very good.

Deficiencies:

On analyzing all the parameters, there were deficiencies regarding the feedback given by the staff to the students for their performance in class, but still expected to improve performance and effort for the benefit of the students.

Actions Taken:

Deficiency was acknowledged by the staff and was made sure the student interactive responses during the classes were, corrected and responded by necessary means then and therefore without fail.

Positive points reported:

After analyzing the feedback, 89% and above was considered to be positive points and below 89% were considered to be deficiencies. Knowledge, communication skills, Accessibility of teacher, sincerity and commitment to work were reported in the affirmative. Students also appreciated the use of various teaching aids like power point presentations and case discussions used by the teacher. Overall rating was very good.

Deficiencies:

Deficiency was acknowledged by the staff, after analyzing the feedback and all the parameters, there were deficiencies regarding the feedback given by the staff to the students for their performance in class, but still expected to improve performance and effort for the benefit of the students.

Actions Taken:

Improvements were made by the addition of small group discussions and Google class discussions for imparting knowledge to the students.

Dr. BALAKRISHNA, (Reader)**Positive points reported:**

After analyzing the feedback, 89% and above were considered to be the positive points and below 89% were considered to be the deficiencies. The students reported that the teacher has excellent knowledge base; they also appreciated the sincerity of the teacher towards work and teaching. The use of various teaching aids and various methods used by the teacher to impart knowledge like visual aids and power points were appreciated. Internal assessment was unbiased and the teacher is easily accessible to the students. Overall rating is very good.

Deficiencies:

On analyzing all the parameters, there were deficiencies regarding the feedback given by the staff to the students for their performance in class, but still expected to improve performance and effort for the benefit of the students.

Deficiency was acknowledged by the staff and was made sure the student interactive responses during the classes were, corrected and responded by necessary means then and therefore without fail.

Dr. MEERAN SHARIF (Senior Lecturer)

Positive points reported:

After analyzing the feedback, 87% and above were considered to be positive feedback points and below 87% were considered to be deficiencies. Knowledge, Communication skills, Sincerity of the teacher towards work, and interest taken by the teacher in imparting knowledge to the students, all were appreciated by the students. The teacher also took keen interest in taking feedback from the students after every lecture and he was readily available for the students to approach for any query. Overall rating was very good.

Deficiencies:

On analyzing all the parameters, there were deficiency on encouraging the students, but still expected to improve performance and effort for the benefit of the students.

Actions Taken:

On analyzing all the parameters, there were deficiency on encouraging the students, but still expected to improve performance and effort for the benefit of the students.

Dr. ISRAEL NATHANAEL (senior lecturer)

Positive points reported:

After analyzing the feedback, 88% and above were considered to be the positive points and below 88% were considered to be the deficiencies. The students reported that the teacher has excellent knowledge base, they also appreciated the sincerity of the teacher towards work and teaching. The use of various teaching aids and various methods used by the teacher to impart knowledge like visual aids and power points were appreciated. Internal assessment was unbiased and the teacher is easily accessible to the students. Overall rating is very good.

Deficiencies and Actions Taken:

Ability to integrate course materials were satisfactory. To improve, discussions were conducted and were able to achieve positive feedback from the students.

Actions Taken:

Steps were taken to integrate course materials for the students by random one on one discussion during the class and also during clinical hours, the usage of teaching aids also were made sure during the academic sessions as well as the clinical sessions.

Dr. JONES JAYABALAN, (senior lecturer)

Positive points reported:

After analyzing the feedback, 88% and above was considered to be positive points and below 88% were considered to be deficiencies. Knowledge, communication skills, Accessibility of teacher, sincerity and commitment to work were reported in the affirmative. Students also appreciated the use of various teaching aids like power point presentations and case discussions used by the teacher. Overall rating was very good.

Deficiencies:

On analyzing all the parameters, there were deficiencies regarding the ability to design quizzes, but still expected to improve performance and effort for the benefit of the students.

Actions Taken:

After evaluating the parameters, there was deficiencies found, but measures were taken to improve the methods of conducting quiz and jigsaw puzzles were used for further benefit of the students.

Dr. JEDIDIAH FREDRICK ABISHEG (senior lecturer)

Positive points reported:

After analyzing the feedback, 87% and above was considered to be positive points and below 87% were considered to be deficiencies. Knowledge, communication skills, Accessibility of teacher, sincerity and commitment to work were reported in the affirmative. Students also

suggested that discussions used by the teacher. Overall rating was very good.

Deficiencies:

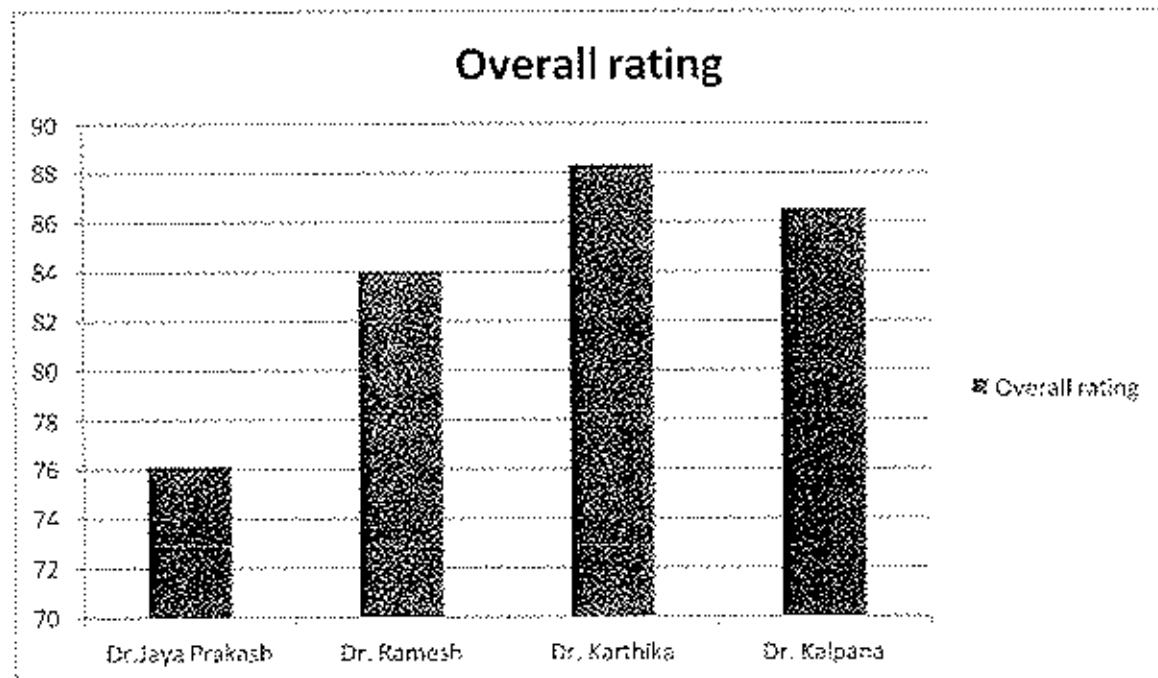

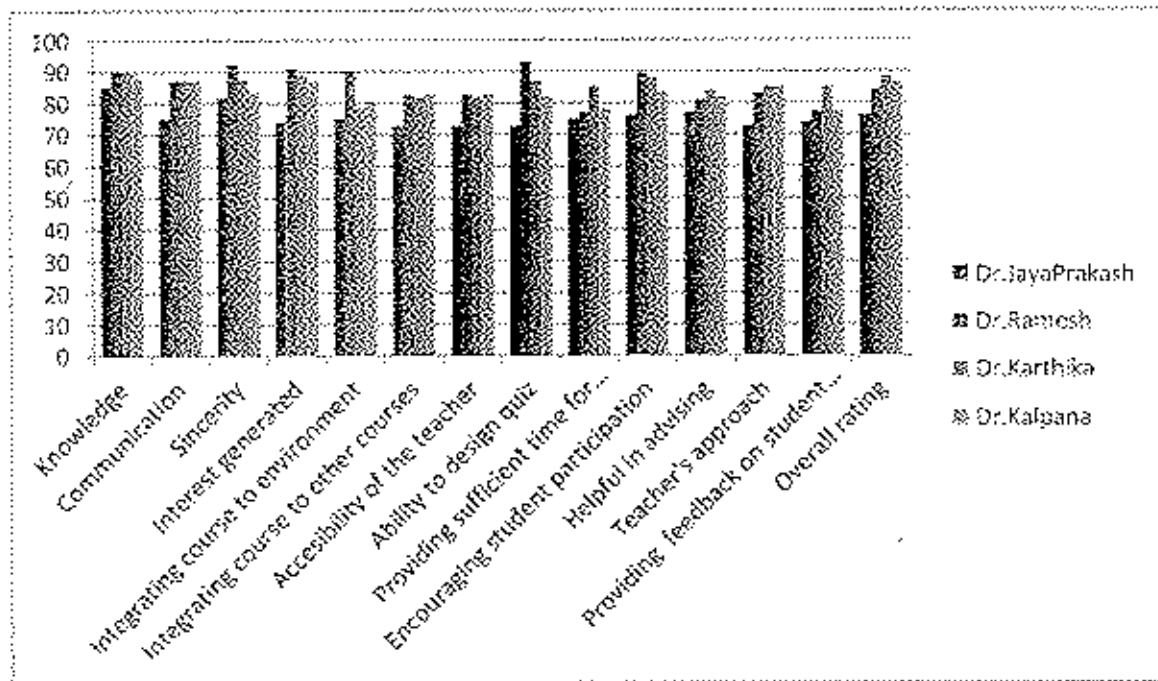

On analyzing all the parameters, there were deficiency on encouraging the students, but still expected to improve performance and effort for the benefit of the students.

Actions Taken:

After evaluating the parameters, there was deficiencies found, but measures were taken through positive interactions with the students and positive feedbacks achieved.

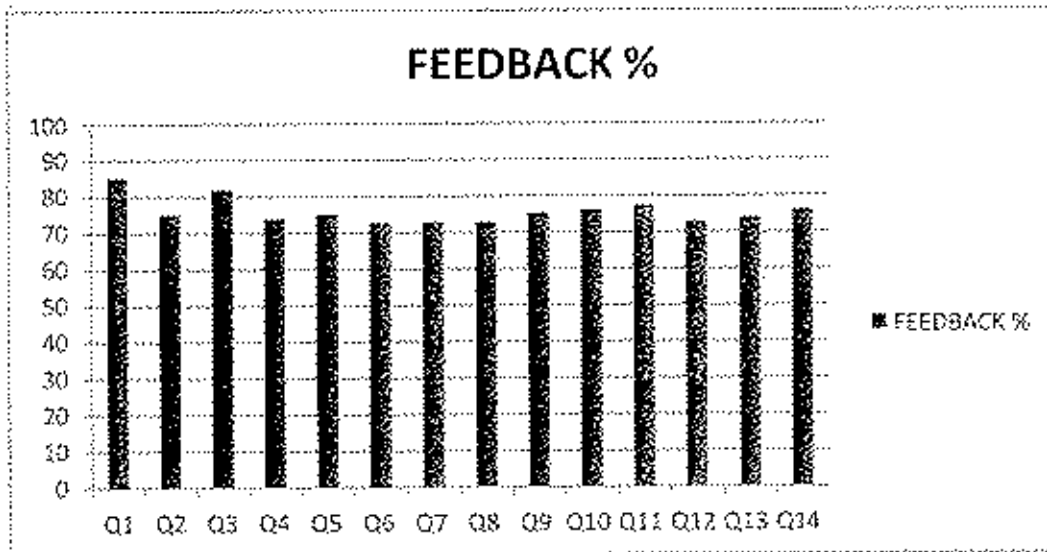

TAGORE DENTAL COLLEGE AND HOSPITAL

DEPARTMENT OF PAEDODONTICS
STUDENT FEEDBACK REPORT 2021-2022

Dr Jayaprakash

Professor & HOD

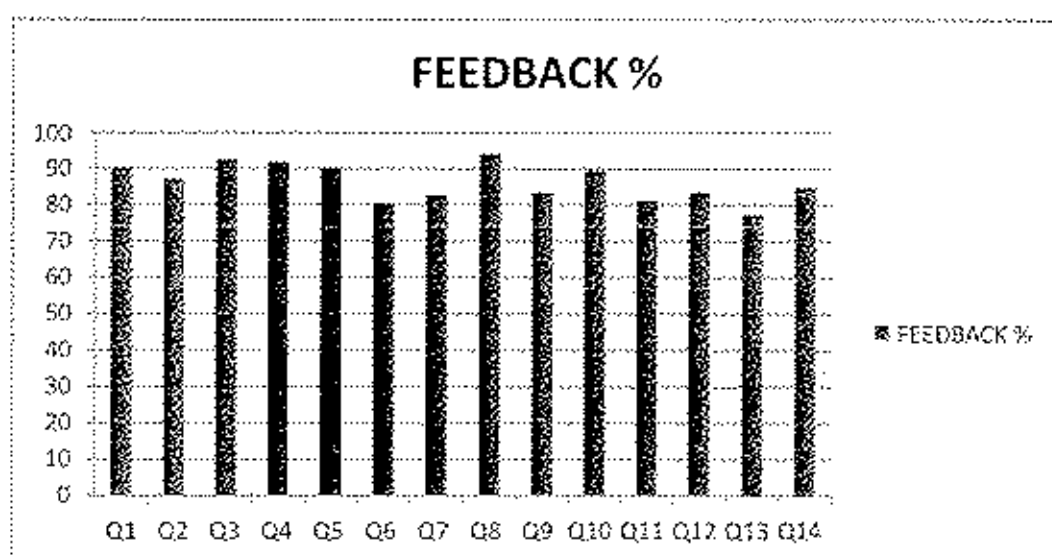

Positive points reported by the students

The teacher has excellent knowledge base, communicating skills and sincerity. The teacher is very good in encouraging student participation in class and his approach and accessibility in and out of the class were appreciated by the students. The overall rating of the teacher by student was excellent.

Deficiencies Reported and Remedial Action Taken:

The students reported no deficiencies but the faculty member continues to take extra efforts for the benefit of the students.

Dr Ramesh,
Senior Lecturer

Positive points reported by the students

Knowledge base of the teacher was reported to be excellent. The teacher was able to inspire the students and encourage them to study. The students were also happy about teacher's approach, ability to create quiz and interest generated in the subject. Also students reported that the staff was well prepared for the class and Internal assessment was reported to be fair and unbiased. The overall rating of the teacher by students was very good.

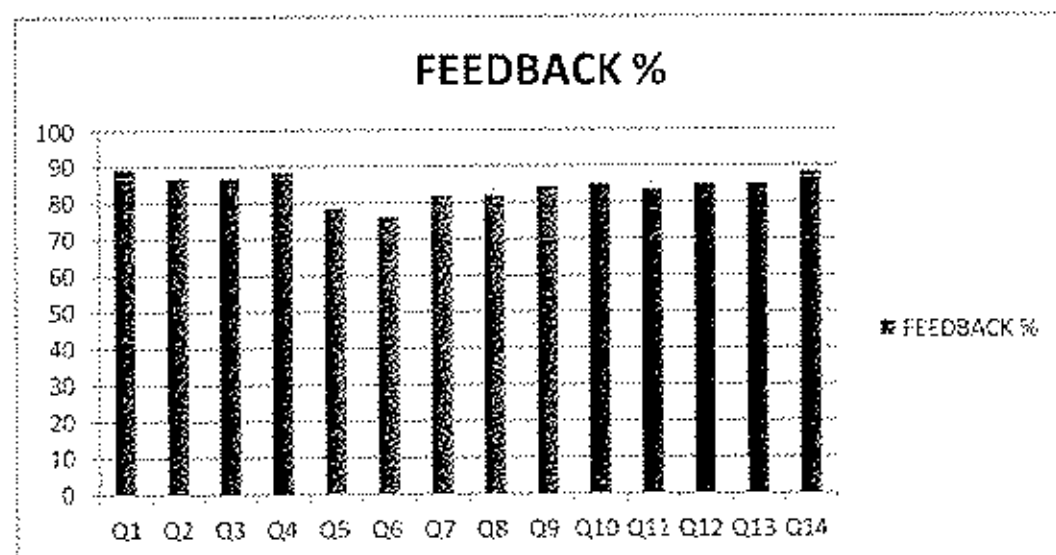

Deficiency reported by the students:

Deficiencies were reported with respect to not providing feedback to the students.

Action taken on the deficiencies:

The teacher aims at providing sufficient feedback on student performance

DR KARTHIGA S, SENIOR LECTURER

Positive points reported by the students:

The knowledge base, communication skills and ability to generate interest in the subject were reported to be positive. The teacher's way of advising the students and time provided for the feedback were reported to be good. The teacher encourages student participation and uses different teaching aids to make the class interactive. Overall rating of the staff is reported to be very good.

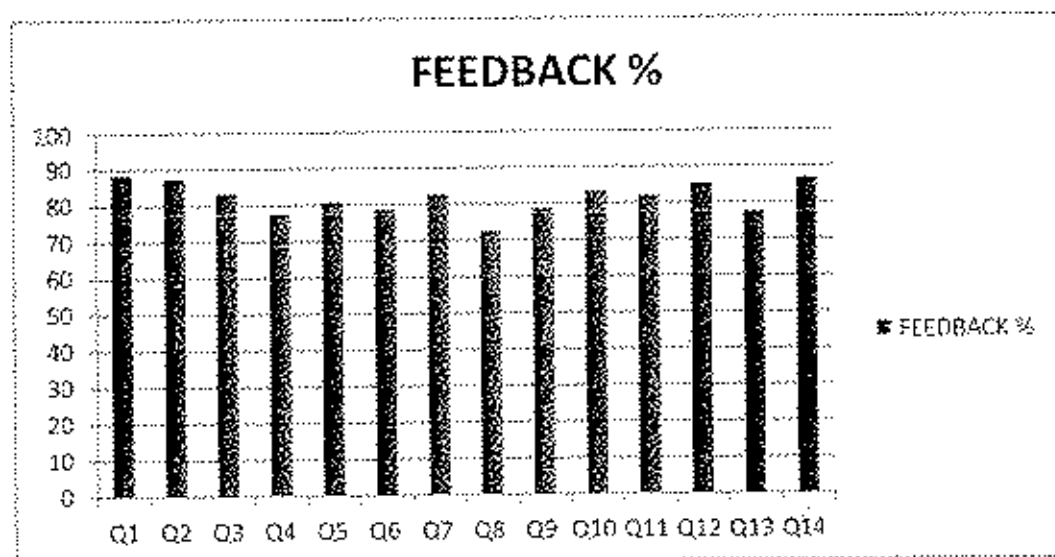

Deficiency reported by the students:

Accessibility of teacher in and out of the class was found to be deficient.

Action taken on the deficiencies:

The teacher is working on steps taken to be more reachable for doubts regarding studies.

DR KALPANA H- SENIOR LECTURER

Positive points reported by the students:

The knowledge base, communication skills. The overall rating of the teacher was 86.5%.

Knowledge base of teacher, communication skills, sincerity and teacher's approach to students were reported to be positive. The staff also ensured active student participation in class by open discussions and by clearing doubts for the students. The staff also counsels the students for their improvement. The overall rating of the staff is reported to be very good.

Deficiency reported by the students:

The deficiencies reported by the student were on the teacher's ability to design quizzes to evaluate students.

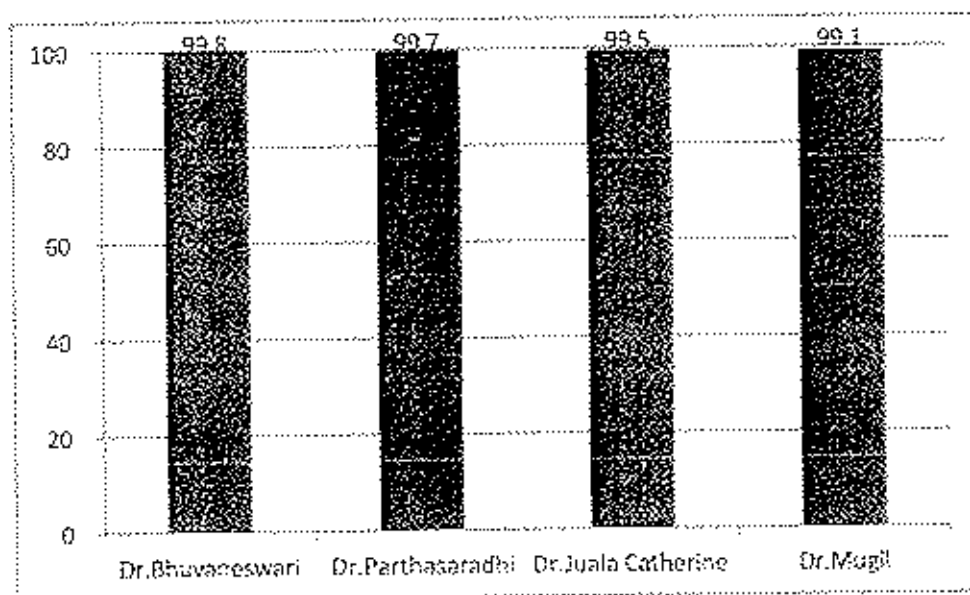

Action taken on the deficiencies:

The teacher is designing more quizzes and projects to evaluate the students. The teacher is providing feedback on student performance.

DEPARTMENT OF PERIODONTICS – STUDENTS FEEDBACK 2021 - 2022

STAFF LIST

- 1.DR.B.BHUVANESWARI, MDS, HEAD OF THE DEPARTMENT
- 2.DR.T.PARTHASARADHI, MDS, READER
- 3.DR.JUALA CATHERINE, MDS, READER
- 4.DR.M.S.MUGIL, MDS, SENIOR LECTURER

OVERALL ASSESSMENT

Dr BHUVANESWARI. B

Head of the department

Positive Points Reported:

Sincerity and Commitment of the teacher were reported to be excellent. Interest generating and provision of sufficient time for feedback on their performance were also reported positively by the students. Students also reported that the teacher gave frequent quizzes to test the students and encouraged student participation in the class. Ability to integrate the subject with other subjects, counseling the students were reported excellent.

Deficiencies reported:

Accessibility of the teacher and ability to integrate the course with other courses were mentioned to be inadequate.

Remedial measures taken: Quiz regarding integrating subjects interdisciplinary were prepared for the lecture classes and discussion was done.

DR.T.PARTHASARADHI, MDS, Reader

Positive points reported:

Sincerity and commitment, ability to integrate the course material with other courses and counseling the students to bring out the best in them were reported to be good. The interest generated by the faculty on the subject was reported positively by the student. Ability to design quizzes and seminars and assessing the knowledge gained by the students at the end of the class were also highly appreciated by the students. Accessibility of the faculty both in and out of the lecture classes was reported excellent by the students.

Deficiencies reported:

Communication skills and ability to integrate the course materials with other issues was found to be lacking.

Remedial action taken:The teacher was asked to allot time to integrate the course material with other issues at the end of the lecture classes.

DR. JUALA CATHERINE, MDS, READER

Positive points reported:

Communication skills, commitment of teacher towards teaching, accessibility and interest generated by the teacher were reported positively. Active student participation in class was encouraged and usage of sufficient teaching aids was reported excellent by the students. Internal assessment was reported to be good and the teacher provided feedback to the students on their performance. Overall rating was reported to be positive.

Deficiencies reported that the teacher was unable to integrate the course material with an interdisciplinary approach.

Remedial action taken: The teacher was asked to orient the subject with an interdisciplinary approach with quiz preparation at the end of the lecture.

DR. M.S. MUGHL, MDS, Senior Lecturer

Positive points reported

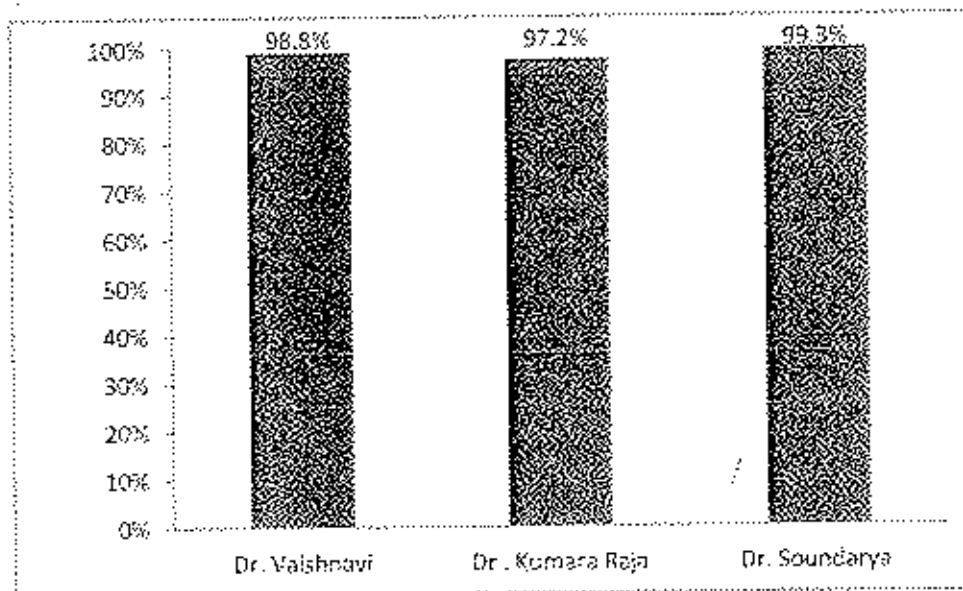

Sincerity and commitment, integration of the topic with other subjects, accessibility of the teacher and counseling of the students were reported positively by the students. Also students reported that the staff was well prepared for the class. Provision of feedback on student's performance was reported to be good. Internal assessment was unbiased. Overall rating of the teacher was reported to be positive.

Deficiencies reported: Communication skills and interest generated in the subject were found to be lacking. Lack of student participation during the lecture classes and inadequate time provided by the concerned staff for feedback were also mentioned.

Remedial Measures Taken: The teacher was asked to be interactive from the beginning of the lecture. The teacher was asked to communicate effectively at the end of the lecture and to signify the salient points of the lecture. The teacher was asked to use more audio visual aids to make the students interactive.

TAGORE DENTAL COLLEGE & HOSPITAL
DEPARTMENT OF PUBLIC HEALTH DENTISTRY

Deficiencies reported and remedial action taken: *The students reported no deficiencies but the faculty member continues to take extra efforts for the benefit of the students.*

DR, V.JAI SANTHOSH MANIKANDSAN, MDS, Reader

Positive Points reported:

The teacher is very sincere and has good commitment. Knowledge base of the teacher, communication skills, ability to integrate the course material with other courses and counseling the students to bring out the best in them were reported to be good. The teacher encourages the students to ask any doubts without any fear and started with open discussions during the class hours to encourage student participation in class. He encourages the students to participate in academic session in various competitions. Overall rating was good.

Deficiencies reported:

Ability to integrate course material with environment

Remedial Action taken:

The teacher was asked to improve the ability to integrate with environment.

DR.A.HEMALATHA, MDS, SENIOR LECTURER

Positive Points reported:

The teacher is very sincere and has good communication skills, and counseling the students to bring out the best in them were reported to be good. The teacher encourages the students to ask any doubts without any fear and started with open discussions during the class hours to encourage student participation in class. Ability to integrate with other courses and environment. She encourages the students to participate in academic session in various competitions. Overall rating was good.

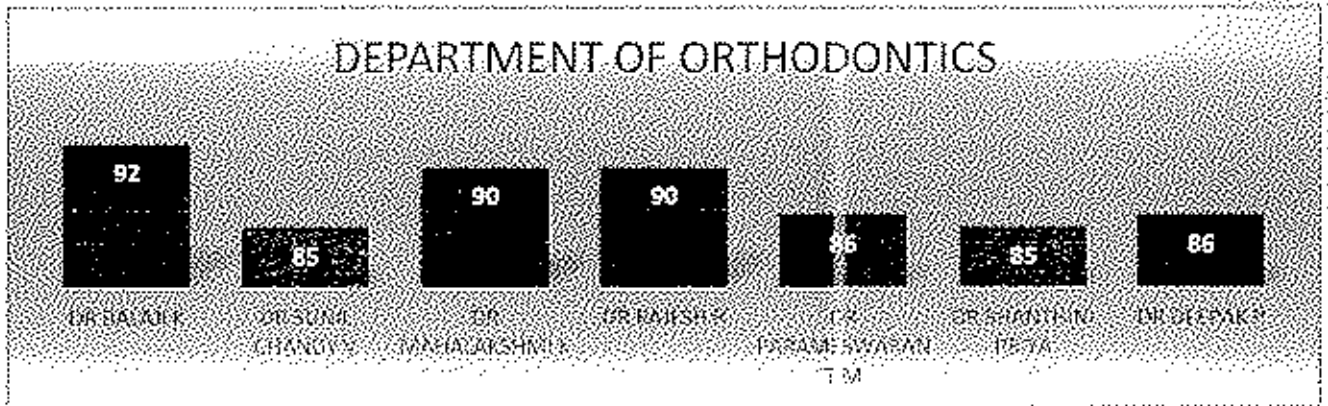

Deficiencies Reported:

The teacher did not provide sufficient feedback on their performance and did not give sufficient time for feedback.

Remedial Action taken:

The teacher was asked to provide sufficient time for feedback and to give regularly give feedback on their performance.

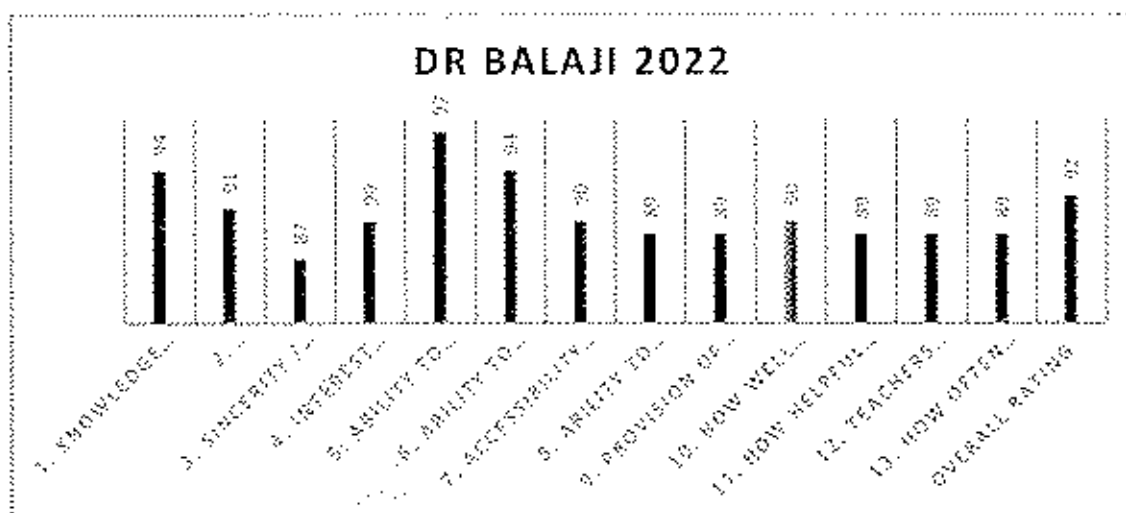

DEPARTMENT OF ORTHODONTICS STUDENT FEEDBACK 2021-2022

Dr BALAJI K., M.D.S. - HOD

POSITIVE NOTES Has an excellent knowledge base and motivates students to participate in class. He is admired for his sincerity and commitment to conduct test and evaluation. Has an outstanding ability to integrate course material into his class and provide a broader prospective, to generate interest towards the subject among students. He is exceptionally good on creating interest among students towards the subject and conducts activities like quizzes/tests/assignment/examination. For the feedback, provision of sufficient is being given. Proper utilization of the teaching aids like power points and videos by the teacher. The approach of the teacher was exceptional. Internal assessment was unbiased. The teacher provides feedback on their performance and helps in guiding them. Overall rating is excellent.

DEFICIENCY AND ACTION TAKEN ON: On analyzing all the above discussed parameters there was no deficiencies, but still expected to improve the performance and effort for the benefit of the students.

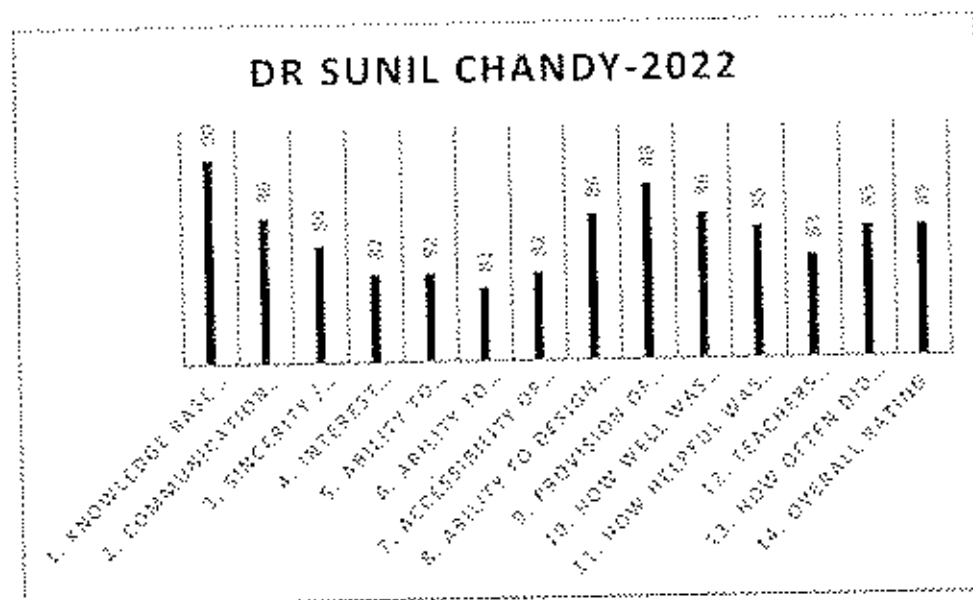

Dr. SUNIL CHANDY -MDS-READER

POSITIVE NOTES

Very good in encouraging the students and giving advice for the better performance. Has an excellent knowledge base and communication skill, very punctual, sincere and committed to work. Has excellent ability to integrate course material with environment/ other issues to provide a broader prospective, to generate interest towards the subject among students. Regarding various methods to evaluate the students, activities like quizzes/tests/assignment/examination/projects are being regularly conducted by the teacher. For the feedback, provision of sufficient is being given. Proper utilization of the teaching aids like powerpoint etc by the teacher. The approach of the teacher was also excellent. Internal assessment is unbiased, often the teacher provides feedback on thier performance and helps in guiding them in the proper way. Overall rating is excellent.

DEFICIENCY AND ACTION TAKEN ON:

On analyzing all the above discussed parameters there was no deficiencies, but still expected to improve the performance and effort for the benefit of the students.

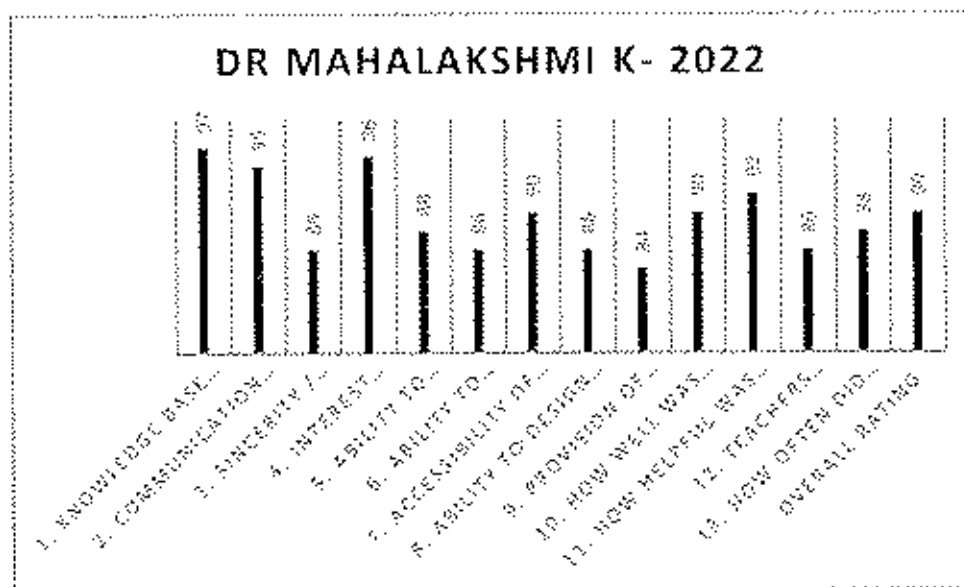

Dr. MAHALAKSHMI K -MDS-READER

POSITIVE NOTES

Has excellent ability to integrate course material with environment/ other issues to provide a broader prospective, to generate interest towards the subject among students. Has an excellent knowledge base and communication skill.very punctual,sincere and committed to work. Regarding various methods to evaluate the students, activities like quizzes/tests/assignment/examination/projects are being regularly conducted by the teacher. For the feedback, provision of sufficient is being given. The approach of the teacher was also excellent. Overall rating is excellent.

DEFICIENCY AND ACTION TAKEN ON:

On analyzing all the above discussed parameters there was no deficiencies except providing feedback, expected to improve the performance and effort for the benefit of the students.

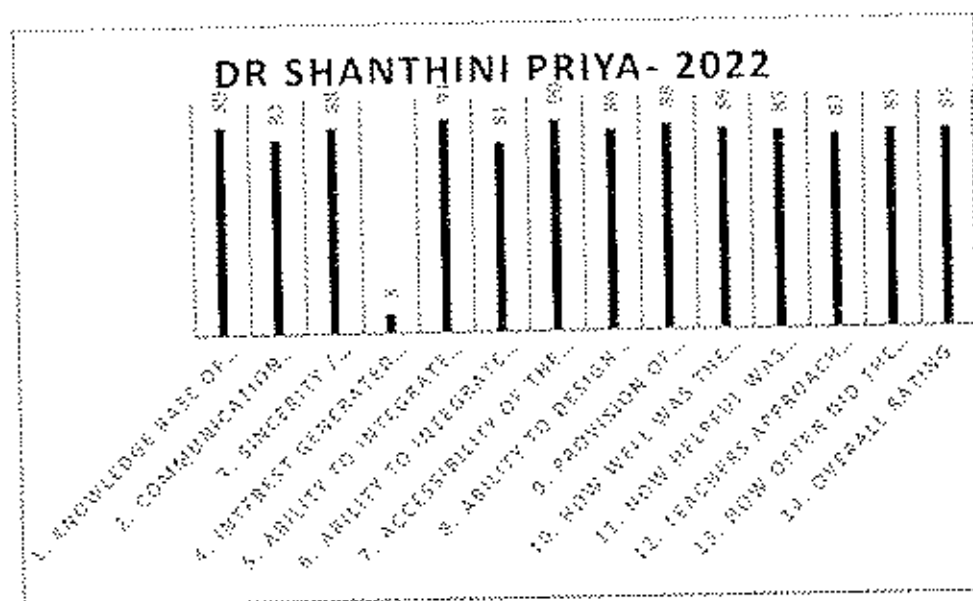

Dr. SHANTHINI PRIYA A-MDS-SENIOR LECTURER

POSITIVE NOTES

Proper utilization of the teaching aids like powerpoint etc by the teacher. very good in encouraging the students and giving advice for the better performance. Internal assessment is unbiased .The approach of the teacher was also excellent. Has an excellent knowledge base and communication skill.very punctual,sincere and committee to work. Has excellent ability to integrate course material with environment/ other issues to provide a broader prospective. to generate interest towards the subject among students. Regarding various methods to evaluate the students, activities like quizzes/tests/assignment/examination/projects are being regularly conducted by the teacher. For the feedback, provision of sufficient is being given. often the teacher provides feedback on your performance and helps in guiding them in the proper way. Overall rating is excellent.

DEFICIENCY AND ACTION TAKEN ON:

On analyzing all the above discussed parameters there was no deficiencies, but still expected to improve the performance and effort for the benefit of the students.

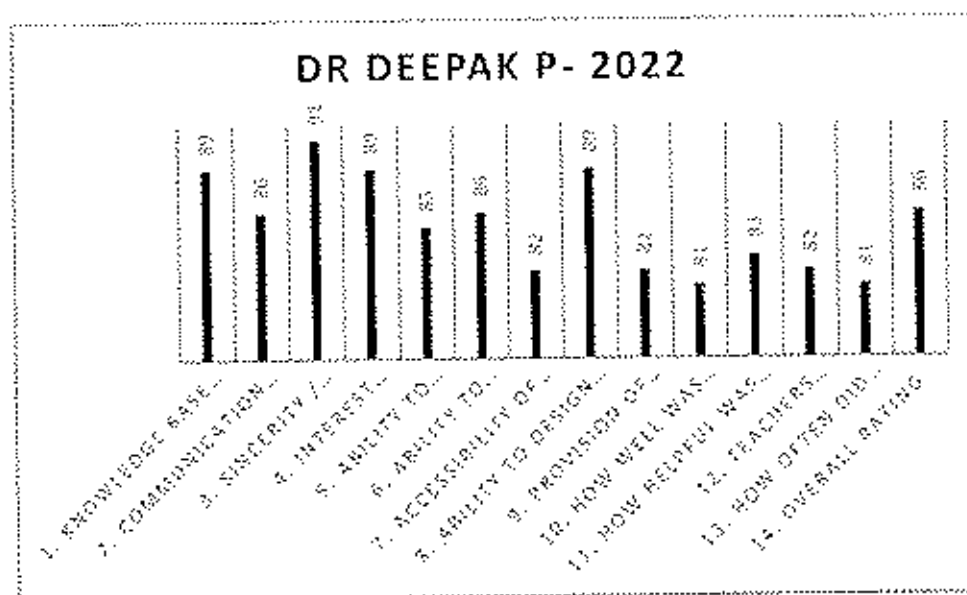

Dr. DEEPAK P-MDS-SENIOR LECTURER

POSITIVE NOTES

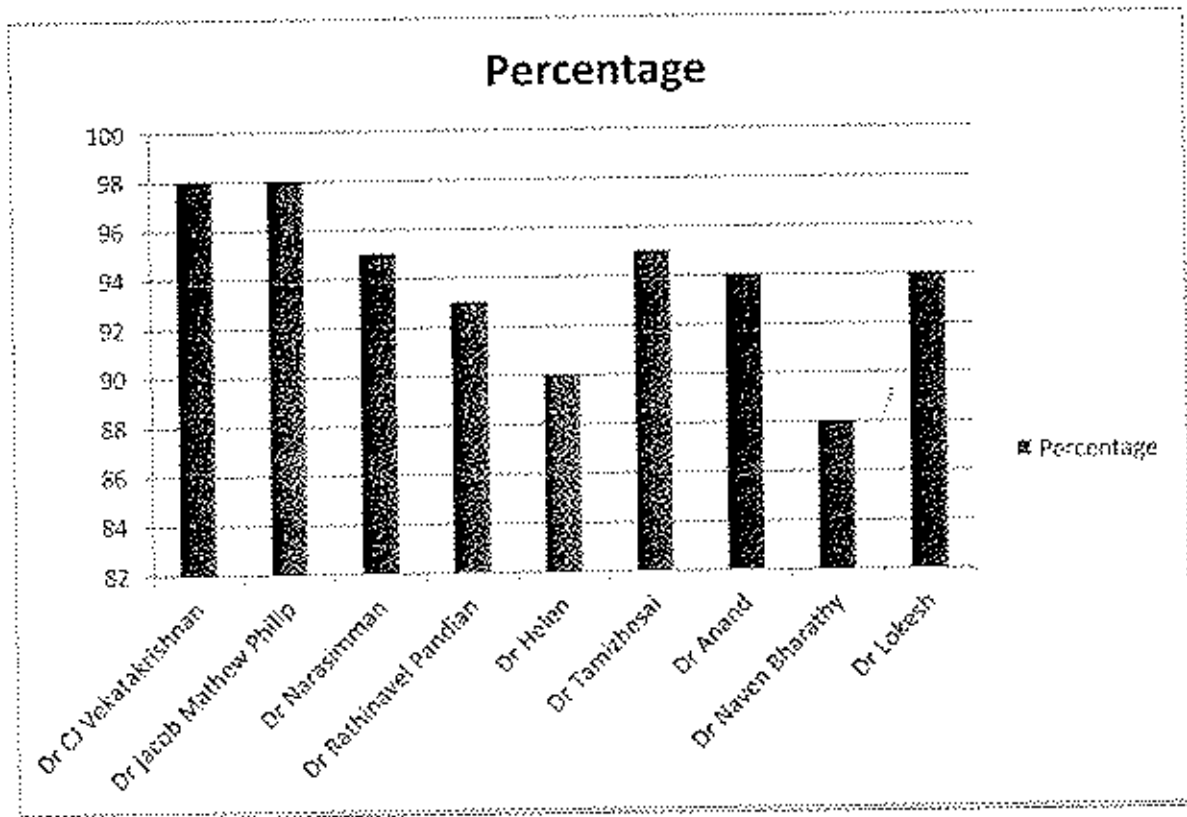

Has an excellent knowledge base and communication skill.very punctual,sincere and committed to work. Has excellent ability to integrate course material with environment/ other issues to provide a broader prospective, to generate interest towards the subject among students. Regarding various methods to evaluate the students, activities like quizzes/tests/assignment/examination/projects are being regularly conducted by the teacher. Proper utilization of the teaching aids like powerpoint etc by the teacher. Very good in encouraging the students and giving advice for the better performance. The approach of the teacher was also excellent. Internal assessment is unbiased, often the teacher provides feedback on your performance and helps in guiding them in the proper way. Overall rating is excellent.

DEFICIENCY AND ACTION TAKEN ON:

On analyzing all the above discussed parameters there was no deficiencies, but still expected to improve the performance and effort for the benefit of the students.

DEPARTMENT OF
PROSTHODONTICS (2021-2022)

DR.C. J. VENKATAKRISHNAN, MDS, Ph.D. Professor and HOD

Positive Points Reported:

Knowledge base of the teacher, communication skills, sincerity and commitment, being well prepared for the class, encouraging participation of students in the proceedings of the class and generating interest in the subject by effective use of various teaching aids and accessibility of the teacher and counseling the students in academic and personal matters were reported in the affirmative by the student. The teacher was able to effectively communicate the salient points of the lecture to students. Overall rating of the teacher was reported to be positive.

Deficiencies reported and remedial action taken:

The students reported no deficiencies but the faculty member continues to take extra efforts for the benefit of the students.

DR.JACOB PHILLIP MATHEW, MDS, Ph.D, PROFESSOR

Positive points reported:

Knowledge base of the teacher, communication skills, ability to integrate the course material with environment and other courses and counseling the students to bring out the best in them were reported to be good. The teacher encourages the students to ask any doubts without any fear and started with open discussions during the class hours to encourage student participation in class. The overall rating of the teacher was very good.

Deficiencies reported:

Ability to communicate with the students, teachers approach to students in class was found to be less by few students.

Remedial Action taken:

The teacher was asked to improve the ability to communicate and improve their approach to the students in classroom.

DR. NARASIMMAN, MDS, READER

Positive Points reported:

The students felt that the knowledge base of the teacher was good which helps them to understand the concepts in depth. The teacher encouraged the students to participate during the lecture by opening discussions. He designs quizzes to evaluate the student which helps them to rectify the mistakes as well as to study the concept in a relaxed manner. The sincerity and commitment of the teacher was fine. Overall rating was good. The teacher lacks encouraging participation of students in the proceedings of the class.

Remedial Action taken:

The teacher was asked to encourage participation of students in the class proceedings.

DR.RATHINAVEL PANDIAN, MDS, READER

Positive points reported:

Encouragement of the teacher was good and he gives sufficient time for the feedback. The teacher encouraged the students to participate during the lecture by opening discussions. The teacher was accessible to the students at all times during college hours for clearing doubts. The overall rating of the teacher was very good. He was able to integrate course material with environment to provide a broader perspective. The overall rating of the teacher was very good

Deficiencies Reported:

Ability to communicate with the students and to integrate with other courses was deficient.

Remedial Measures Taken:

The teacher was asked to improve the ability to communicate well with the students and improve his ability to integrate well in the subject.

DR.HELEN MARY ABRAHAM, MDS, READER

Positive points reported:

The students felt that the knowledge base of the teacher was good which helps them to understand the concepts in depth. Ability to design quizzes and seminars and assessing the knowledge gained by the students at the end of the class were also highly appreciated by the students. Teacher provides sufficient time for feedback after class ends. Teacher was able to integrate course material with environment to provide a broader perspective. The overall rating of the teacher was very good.

Deficiencies Reported:

Ability to communicate and doesn't provide sufficient time for feedback during class hours. teacher outside the class was deficient.

Remedial Measures Taken:

The teacher was asked to communicate well in the class room and provide sufficient time feedback

DR. TAMIZHESAI, MDS, SENIOR LECTURER.

DR ANAND, M.D.S, SENIOR LECTURER

Positive points reported

The teacher encouraged the students to participate during the lecture by opening discussions. The teacher was also able to generate interest among the students during the lecture especially by using teaching aids.

Deficiencies reported

The teacher does not integrate the course with other courses. Accessibility of the teacher in and out of the class is less

Remedial measures taken

The teacher is asked to integrate the course with other courses. The teacher is asked to provide extended availability in and out of the class room.

DR NAVIN BHARATHY, M.D.S, SENIOR LECTURER

Positive points reported:

The teacher was able to effectively evaluate the students. The teacher encouraged the students to participate during the lecture by opening discussions. The teacher was accessible to the students at all times during college hours for clearing doubts. The overall rating of the teacher was very good.

Deficiencies reported include lack of provision of sufficient time for feedback. The teacher doesn't encourage participation of students in the class.

Remedial measures taken:

The teacher was asked to provide sufficient time for feedback in the class and encourage students to participate in the class.

DR LOKESH, M.D.S. SENIOR LECTURER

Positive points reported:

The teacher encouraged the students to participate during the lecture by opening discussions. The teacher was accessible to the students at all times during college hours for clearing doubts. The students felt that the knowledge of the teacher was good. The teacher was able to relate the lecture topics to clinical scenarios. The teacher was able to effectively communicate the salient points of the lecture to students

Deficiencies reported:

The teacher lacks the ability to integrate course with other courses and has less communication skills.

Remedial measures taken:

The teacher was asked to integrate the course for a broader perspective and to improve his communication skill

**TAGORE DENTAL COLLEGE AND HOSPITAL DEPARTMENT OF
CONSERVATIVE DENTISTRY AND ENDODONTICS
STUDENTS FEEDBACK REPORT**

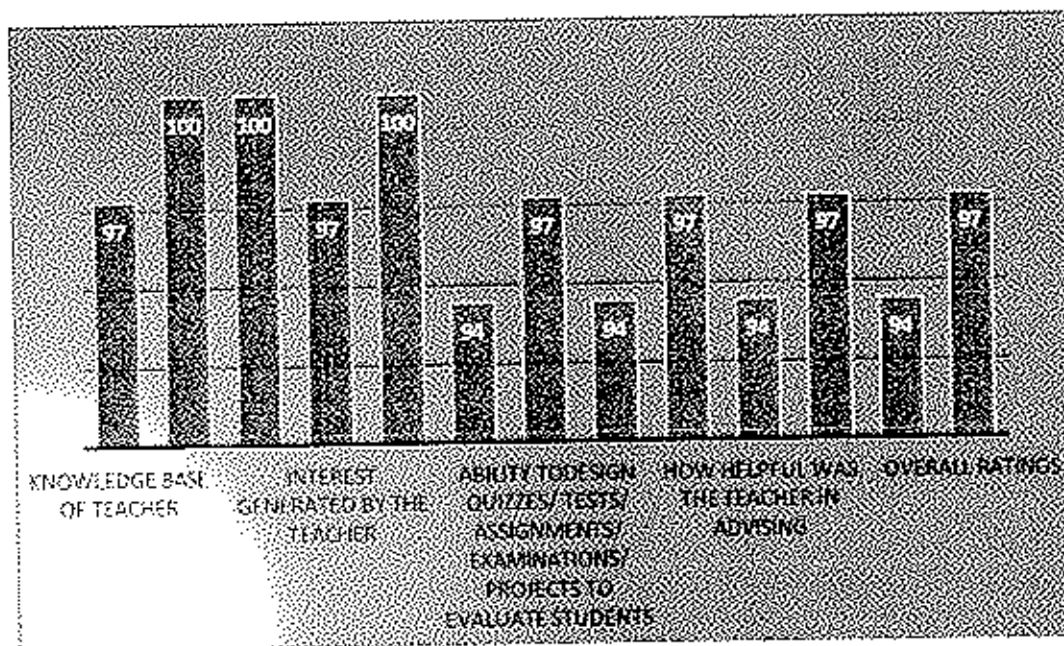

DR. BALAGOPAL MDS-VICE PRINCIPAL-HOD

POSITIVE NOTES

Has an excellent knowledge base and way of teaching is very excellent, very punctual, sincere and committed to work. Has excellent ability to integrate course material with environment/ other issues to provide a broader prospective, to generate interest towards the subject among students. Dear Dr. Sudha,

Greetings from Dental Education Unit,

Your reviewer has generally appreciated the way you have conducted the class. To further enhance the teaching and learning, the reviewer has suggested the following:

- Use of Chalk board and other aids during your classes.
- To explain the importance of the class and involve the students participation and clarification of doubts

Warm regards

Dear Dr. Angelinteena

Greetings from Dental Education Unit,

Your reviewer has generally appreciated the way you have conducted the class. To further enhance the teaching and learning, the reviewer has suggested the following:

- To increase the font size and reduce the contents per slide in your presentation for better visibility
- To explain the importance of the topic discussed.

Warm regards
