PROGRAM DETAILS:

The International Day of Older Persons is observed on October 1 each year. On December 14, 1990 the United Nations General Assembly voted to establish October 1 as the International Day of Older Persons as recorded in Resolution 45/106. The theme for International Day for Older Persons this year is “**Digital Equity for All Ages**” affirms the need for access and meaningful participation in the digital world by older person.

Thus, in order to celebrate International day for older persons Tagore Dental College and Hospital along with its NSS unit organized an awareness camp for elders at **Navajeevan Old Age Home, New Perungalathur**.

The program was headed by Dr. Vaishnavi, Reader, Department of Public Health Dentistry along with three CRRI students. Prior permission was obtained from the officials of Old Age home before the program.

The program was started around 10.00 am where our CRRI students gave health awareness talk through power point presentation. The presentation lasted for around 30 minutes where important issues like COVID protocols, mental health, oral health, brushing technique were discussed. Pamphlets in Tamil depicting healthy habits, Covid preventive measures were also distributed.

Then CRRI students performed general and oral health examination for all elders in the old age home. They were reported about the findings and those who required treatment were referred to our college.

The celebration came to an end with distribution of blanket, towel, tooth brush and paste to all elders in the old age home.

NSS unit of Tagore dental college and hospital heart fully thank Chairperson Mala Mam, Principal Dr. C.J. Venkatakrishnan Sir and CRRI students for making the program a grand success.
