Final year students (August 2020 batch) who had their examinations in December 2020 due to COVID lockdown faired remarkably well similar to Final year results of August 2019(95 % compared to 94% the previous year) inspite of the COVID pandemic . First, second and third year students have also faired well compared to previous years. The August batch in general have faired better than February batch because they are the regular batch and the February batch is the additional batch or students who have failed earlier. The final year students have eight subjects and also they had their classes in online mode and hence difficult to pass.
