This is in response to your letter reference nil dated 23-02-22.

Noted the three points suggested for immediate action. This will be communicated to all the course heads. Action will also be taken by the curriculum committee to overcome the deficiency or improvement from the received feedback.

1. The committee will communicate the observation made from the feedback to the course heads and recommend promoting the remaining 10% of the students - lacking in encouragement in co-curricular, extracurricular activities and research activities in their respective courses.
2. The Curriculum committee has initiated lecture presentations and hands-on training programs by clinician of repute through dental corporate regularly. This will enhance adequate career orientated training for students and industrial institute connect.
3. Faculty development programs are organized with reputed teams to enhance the teaching learning process and learner centric teaching.

Thank you for the analysis of the feedback submitted and the useful response given. The curriculum committee appreciates the effort by the Feedback committee.

Chairman
