Transport committee action taken on feedback analysis – 2021

From

Transport committee

Tagore dental college and hospital

To

Feedback Committee through The principal

Tagore dental college and hospital

Respected madam/Sir ,

Sub: Regarding action taken on Transport feedback analysis - 2021

Following are the actions taken following the analysis of transport feedback forms

1. The drivers were enquired for delay of bus to the stop and destination and they reported that due to more traffic prevalence within the city some buses arrive at boarding point and destination little late. Hence a register was allotted to note the entry time of the buses. If a bus is coming late for one week the particular drivers were instructed to start the bus 10 min prior to scheduled time so that there will not be any delay.

Thanking you
