Dr. S. Balagopal (Vice Principal, Academics), Chairman of DEU addressed the gathering and welcomed the speaker Dr. Nandhini Suresh, Associate Professor, Meenakshi Ammal Dental College

Dr. Chithraa R Chandran, Principal, Tagore dental college and hospital joined the meeting in the auditorium and welcomed the speaker of the day and spoke about the importance of good ethical clinical practice.

Dr. Vandana James, Reader, Department of Conservative Dentistry and Endodontics, gave a brief introduction about the speaker and her accomplishments.

Dr. Nandhini Suresh spoke elaborately about ethical values in the clinical practice. She explained good clinical practice has been a misnomer. She took us down the lane, in the past times when humans were used as trial models for various trials. She explained on how unethical these tests were and the side effects the humans faced due to this. She also gave glimpse of history of how human trials were carried out during Nazi's reign and various other time periods.

Dr. Nandhini Suresh gave a picture of the various acts and amendments that were introduced just to avoid the unethical practice towards human beings. She explained about few acts that favors human beings from being used as gunnie pigs. She enlightened us on how to choose a study and perform those trials on humans. She explained the importance of Consent forms, both verbal and written. It is safe for both the dentist and the patients. She also explained that we should not commercialize the clinical trials and it is done for the benefit of the patients.

The program was concluded by Dr. S. Balagopal, Chairman DEU by giving the vote of thanks.
