

CDE PROGRAM ON “BIOWAY” ON BIODENTIN AND BIOROOT AND HANDS ON WORKSHOP BY DR LUC MARTENS, UNIVERSITY OF GHENT, BELGIUM

The Department of Pedodontics and Preventive Dentistry and Septodont Health Care India Private conducted CDE Program titled, “THE BIO-WAY” under the aegis and guidance of our Chairperson, Prof. M. Mala and our beloved Principal, Dr. Chitra.R.Chandran on 14/09/2017 at the Auditorium of Tagore Dental College and Hospital, Chennai.

The program was a workshop on BioDentine and BioRoot RCS – their properties, manipulation, indication and uses in various clinical conditions. The speaker was Prof Dr. Luc Martens, Director, Master’s program, Pediatric Dentistry and Special Care, University of Ghent, Belgium. Total number of 150 participants attended the lecture and 14 participants attended the Hands-On-Session. The forenoon session was a lecture on BioDentine and BioRoot RCS and the afternoon session was a Hands On Workshop on manipulation of BioDentine and BioRoot RCS. The participants were given typodont models into which they worked with Biodentine. Plastic models simulating root canal morphology, were given to the participants, the end of which was plugged by BioRoot RCS by them. The materials- BioDentine and BioRoot and the models was provided by Septodont Health Care India Private limited.
