The CDE programme on contemporary comprehensive dentistry turned out to be a huge success. The renowned speaker Dr.B.Mohan (MDS, member of American Academy of cosmetic dentistry) enthralled the students and faculty equally.

The lectures were divided into three parts. The first lecture ended at 11.15 am followed by fifteen minutes of interaction session. This was followed by tea break of fifteen minutes. The session reassumed for the second lecture at 11.50am, and ended at 1.15pm. The third session post lunch started at 2.00pm and ended by 3.30pm, following which there was a interaction session for half an hour. The programme ended at 3.45pm

The lectures threw light on a new perspective to cosmetic dentistry. The speaker spoke about the nuances of cosmetic dentistry in the first lecture. The second lecture was based on the techniques of smile design. DR.Mohan emphasized importance of treatment planning, photography, videography and maintenance of patient records. The third session saw the audience looking into a variety of cases of the speaker, followed with interactive sessions .

The CDE programme was attended by students from various colleges and universities from Chennai and Tamil nadu. The registrations soared up to 300,
