# WORLD ENVIRONMENT DAY

World Environment Day is celebrated on the 5th of June every year, and is the United Nation's principal vehicle for encouraging awareness and action for the protection of our environment. First held in 1974, it has been a flagship campaign for raising awareness on emerging environmental issues from marine pollution, human overpopulation, and global warming, to sustainable consumption and wildlife crime. WED has grown to become a global platform for public outreach, with participation from over 143 countries annually. Each year, WED has a new theme that major corporations, NGOs, communities, governments and celebrities worldwide adopt to advocate environmental causes.

Venue: Higher Secondary School

Theme: "Beat Plastic Pollution"

Participants: Third Years Interns

Educational Aids: posters regarding environment day - tree plantation

The theme for 2018 is "Beat Plastic Pollution".

By choosing this Theme, it is aimed that people may strive to change their everyday lives to reduce the heavy burden of plastic pollution.

People should be free from the over-reliance on single-use or disposables, as they have severe environmental consequences. We should liberate our natural places, our wildlife - and our own health from plastics.

Indian government pledged to eliminate all single use of plastic in India by 2022.

**Highlight of programme:**

- Interns of Tagore dental initiated plantation of tress as a part of this programme.

- They gave an informative talk about environment and hazards of using plastics with a help of audio visual aids.

Tree plantation is been under taken by group of interns.Informative talk about environment is being delivered to school students
