

WORLD NO TOBACCO DAY CAMPAIGN 2017

DEPARTMENT OF PUBLIC HEALTH DENTISTRY

Oral Screening

Experiment Demonstration

Active Participation by Public

CONCLUSION

“A good begin is half done”

No tobacco day was being celebrated every year without fail in our college; however the idea and motivation to celebrate among public proved to be successful. This also paved a platform to celebrate this as “NO TOBACCO MONTH” in future. We thank for the great support and guidance of our principal Dr.Chitra.R.Chandran and the management to carry out this program.
