DATE:09.06.2023

The examination hall is shifted from the second floor to the fourth floor. The fourth floor examination hall is much spacious, illuminated, airy, ventilated compared to the present second floor examination hall. The fourth floor examination hall has a bigger and secured examination cell and also attached toilets separately for staff and students. The new examination hall in the fourth floor is equipped with CCTV cameras all around the room with advanced mobile signal jammers and moreover, the new examination hall is very nearby to the fourth floor lift access. The students and staff are requested to use the fourth floor examination hall for future examinations to be conducted.
