

FLOOD RELIEF

Tagore Dental College & Hospitals extended help for our suffering community due to unprecedented rainfall and consequent extensive flooding of Chennai city and its suburbs.

We contributed by donating essential basic everyday requirements to the suffering people. A bag containing 4 kg rice, comb, soap, tooth brush and toothpaste, etc., were distributed to a local community of people in an organized manner by having taken censuses and noting down the names by involving local volunteers in the supervision of the local panchayat and municipal administration.

The flood relief materials have been distributed in the following places:-

- 1) Amanambakkam - 200 nos.
- 2) Adanur near Urapakkam - 350 nos.
- 3) Kolapakkam, Anna nagar - 100 nos.
- 4) Sathya nagar, Irular Colony near Vengadamangalam - 100 nos
